Registration opens at 5:30 am at Gas Works Park on Sunday, October 4th. Regatta packets, which include bow numbers, race schedule, and course maps, are distributed at this time to teams/rowers who have met the fee and waiver requirements.

A single regatta packet is created per Regatta Central account. In other words, if two people from the same club make entries for their teams under their individual Regatta Central accounts, then two separate packets will be made.

Coaches/Cox Meeting

The Coaches/Coxes meeting is at Gas Works Park on Sunday, October 4th at 6:00 a.m. In the event of fog or other weather delays, the meeting is held as scheduled and the flight schedule moved back in 30 minute increments as needed.

Weigh-Ins

Coxswain weight is on the honor system. Weights must be:
- Cox for men & mixed: 120 pounds minimum
- Cox for women: 110 pounds minimum

Right of Way

A crew is deemed to be overtaking another crew when it has moved to within one length of open water of the crew ahead. On those portions of the course that are straight, a crew being overtaken shall move to the right and allow the overtaking crew to pass. Where the course turns, a crew being overtaken shall move to the outside of the turn and allow the overtaking crew to pass along the shorter path. Nevertheless, passing is not allowed, nor is the crew being overtaken required to yield, in cases where the overtaking crew's position clearly prevents safe passage or where there is insufficient room to yield. (See Appendix to Article VIII in USRA Rules of Rowing 2015)

Awards

Medals are awarded for the 1st place finishers and ribbons are awarded for 2nd and 3rd place finishers in each event. Awards may be collected at Gas Works Park or Lake Union Crew during or after the regatta once results have been determined. Final results will be posted on the Lake Union Crew website. Unclaimed medals and ribbons can be picked up on the Monday following the regatta. Medals and ribbons will not be mailed.

Handicap

Masters events will be handicapped using the USRowing handicaps for 1,000 meters, multiplied by 4, based upon the average age of the rowers NOT including the coxswain. If your masters entry does not specify an average age, then your time will be calculated based on 21 years old.

Bow Numbers

Each boat will receive a 3-digit bow number in their regatta packet. Please return bow numbers to Gas Works or LUC or place in marked container at Lake Washington Rowing Club, Seattle Pacific University, Seattle Rowing Center, College Club, or Pocock Rowing Center.

Shell Safety

Each shell must have a supple or plastic ball at least 4 centimeters in diameter, firmly attached and mounted on its bow and quick release footgear or heels attached with strings to allow quick release. Each boat in which the body of the coxswain is enclosed or partially enclosed within the hull (i.e., bow coxed boats) must have an opening at least 2.3 feet (70 centimeters) long and, for a length of at least 1.64 feet (50 centimeters), the opening must be as wide as the inner hull. In addition, the inner surface must be smooth and free of any obstacles, devices, or structures that would hinder a quick exit by the coxswain.
